Procedure of 12-29 Land in Arakkonam Village required for the formation of an Extension of the Lakshmipuram Sanitary Board

The Board has resolved that the Conversion fee on the land to be required may be waived as the Board is a newly formed recently and it has not sufficient funds to meet the expenditure need that the lay out will be formed to enable the Scavenging of houses and also as the Depot site will be sold at cost the R.C has agreed that the Board Council build up funds for their amenities at Government Cost and as some sites are to sell in public auction the Conversion fee may be levied at Rs 1000/- per acre, as the ground that the adjacent lands are levied Conversion fee at Rs 1000/ per acre

3 If the lands resolved to be required some are within the limits of the Board limits are in 430/1 2,3 and of the Board area are belong to L K M Bosavaraj, Arakkonam, who has petitioned to the Government stating that his lands may not be required for the Board and to lay out is to be formed by him in his lands to the objection, the D C Vellore in his letter dated 2-12-57 addressed to the R.C

6608

Acquisition of 12-29 of land in Arakkuvilayil required for the formation of an extension to the Sanitary Board - Arakkuvilayil

has stated that S.No 430 is necessary as it forms a compact block and it is not desirable to encourage the construction of buildings by private individuals within an approved layout of an important and developing commercial town like Arakkuvilayil

4 As seen from the records there is no indication to show that the proposed lands are ~~to be taken~~ required by the Director of Public Health regarding the unhealthy the layout plan has not been approved by the Government Architect As there is no urgency of the matter the proposed acquisition may be taken up under section 17 of L A Act in pursuance

5 Points for orders are —

(a) Sanctioning the acquisition of 12-29 Cents of land in favour of the Board for a layout under section 17 of L A Act

(b) Waiving the Conversion fee or levying Conversion fee on the lands sold.

Relates to MC Branch Asst Secy MC Branch

The Lakshmipura Sanitary Board Arasikere desires to acquire an extent of A G 12-29 comprised in the above survey numbers as per details furnished in the enclo--sed draft notification for purposes of extending the Colony The accompanying layout plan gives the - - location of the required lands

The Board has credited to the treasury a sum of Rs 15,029-2-9 towards the acquisition charges excluding conversion fine The Board requests conversion fine to be waived for reasons furnished in its letter dated 25th December 1950 (enclosed herein) Conversion fine is ordered to be recovered at Rs 1 000/- per acre

in Government Order No R 4738-43/L R 35-47-42 dated 2nd December 1948 in respect of other - - adjoining lands and the Sanitary Board has concurred in it Normally conversion fine at least at the same rate has to be recovered in this case also However a concession could be shown if the sites are to be sold at no profit There is no clear information as to how many sites are going to be sold at cost and how many in public auction and what profit the Board would realise by the - - latter If they do derive profit at all even though the profit may be utilized later for providing other amenities - apart from mere layout charges including Electricity and water supply - conversion fine has to be paid The Board cannot build up funds for other amenities at the expense of Government by not paying the rightful dues viz , Conversion fine If the Board is in need of financial help it can obtain grants or loans from Government as other Municipalities do. This I think would be the correct procedure

As the proposal is to sell some of the sites in public auction and hence to derive profit, I am of opinion that conversion fine be levied at Rs 1 000/- per acre as in the other case the question of a monetary grant may be separately considered

Yours faithfully,

Subject -Acquisition of land in Arsikere in favour of Lakshmipura Sanitary Board, Arsikere, for extension of the colony

---

With reference to your letter No CR 3455/50-51 dated 1-5-51 on the subject mentioned above, I write to state as follows

The Vice President Lakshmipura Sanitary Board Arsikere, has stated in his letter No L S B 42 dated 24-6-1951 that the land now proposed for acquisition will be utilised for laying out an extension and for providing sites to build houses to the needy persons to relieve the present congestion in Arsikere town The Board is going to utilise the above lands for a public purpose The Vice President has stated that the Board has to spend a huge amount for forming roads for providing lights and water supply to the newly proposed extension and that it will not derive any profit from the sale of sites formed in the above lands

As regards the petition of Sri K L Basava Raj of Arsikere to Government I write to state that it is not desirable to encourage the construction of buildings by private individuals without an approved layout in an important and developing commercial town like Arsikere as extensions on approved patterns are quite necessary wheich can only be done by local bodies I have also requested the Vice-President Sanitary Board to allot sites to the deserving khatedars of the above lands at an upset price which will be fixed by me in consultation with the Board, In the above circumstances I would suggest that the petition of Sri K M Basavaraj may be referred to the Board for disposal on merits and to accord sanction to the acquisition of the above lands in favour of the Lakshmipura Sanitary Board

The Lakshmipura Sanitary Board in its meeting held on 20-11-1950 resolved to acquire lands in S Nos 419 and 420 in addition to the six survey nos as already recommend d in my letter of even no dated 25-4-1951 as it forms a neat boundary In the above circumstances the extent of 21 guntas in s nos 419 and 420 has been included in the draft notifications enclosed to the records for obtaining sanction of Government to the acquisition of 12 acres and 29 guntas

As regards the acquisition charges of 12-29 of the land this will amount to Rs 15029-4-4 (excluding conversion fine) and the Board have credited the entire amount on 24-11-1951 and on 27-11-1951

In the above circumstances I request you to kindly obtain sanction of Government to the ~~4~~ acquisition of 12 acres and 29 guntas under Section 17 (1) of the Land Acquisition Act after waiving the conversion fine as already recommended in my letter of even no dated 24-4-1951

Re: Acquisition oflands for the expansion of Sanitary Board area of Lakshmipura,Arsikere.

With reference to letter No.nil dated 9th February 1952 addressed to you by Sri K.Venkataswamy, Vice President,Lakshmipura Sanitary Board,Arsikere,regarding the above subject, I write to state that I inspected the area on the 15th instant. The Lakshmipura Sanitary Board area is kept in a very tidy and good condition. As a result, many people from the congested areas of the town are pressing the Board for laying out sites so that they can construct suitable houses and shift from their present surroundings The Board therefore feel the great need for extending their area of activity by acquiring the S Nos 418,422,430/1, 430/2,430/3 and 420 These survey numbers were inspected by me and found to be quite fit for a town extension.

I therefore recommend that Government may be addressed to sanction the acquisition of these survey numbers immediately and hand over the care to the Sanitary Board for the purpose of laying out sites.
